Join us at Lathrop GPM's annual State of Litigation event, where we bring together business leaders, legal decision-makers and industry experts to explore the latest trends in litigation and risk management.

Amid a rapidly shifting policy landscape under the new administration, Lathrop GPM attorneys and guest speakers will discuss the impacts of recent executive orders and legal challenges on business operations and risk management. Other topics will include an examination of the relationship between state and federal agencies and trends in bankruptcy filings.

We are continuously monitoring the fast-evolving regulatory environment and will adjust content accordingly to provide attendees with the most up-to-date information.

**Register by Tuesday, May 6.**

## A.I., Ethics, & Cybersecurity – What You Need to Know

With the explosive growth of A.I., how do businesses and employees ethically navigate its use and protect their cybersecurity posture? In his uniquely engaging, entertaining, and informative style, **Rob Clark Jr.** provides tools and techniques to apply these principles practically.

Rob is a nationally recognized authority in artificial intelligence, ethics, cybersecurity, internal audit, risk management, and compliance, with over 36 years of industry experience. He serves as the Chief Audit and Compliance Officer at Howard University and President-Elect of the National Speakers Association – DC. He has served in audit and compliance leadership at M.I.T., Georgia Tech, University of Nebraska, and Clark Atlanta University. He holds professional designations as a Certified Internal Auditor; Certified Compliance and Ethics Professional; Certified Business Manager; Certified Virtual Presenter through eSpeakers; and a CTM through Toastmasters.
